

PETROPOLIS IMPERIAL RJ

PASSEIO PELA CIDADE IMPERIAL COM A OLIVER OPERADORA DE RECEPTIVO

The **Imperial Petrópolis tour** will take you to discover historical buildings and various tourist and cultural attractions in the city of Petrópolis. Founded by the initiative of Emperor Dom Pedro II, Petrópolis is often referred to as the Imperial City.

Departing from Rio de Janeiro, we will board a comfortable air-conditioned transportation. Along the way, you can enjoy beautiful images with stunning panoramic views of the Serra dos Órgãos mountain range. We will begin the Imperial Petrópolis tour towards the former summer residence of Emperor Dom Pedro II, where he spent long seasons with his family before the Proclamation of the Republic in 1889. We will then experience a rich visit of about an hour and a half to the Imperial Museum, which houses a collection of emblematic pieces such as furniture, clothing, and the famous emperor's crown.

The setting recreates the daily life of the imperial family and presents cultural, social, and economic aspects of Brazil in the 19th century. You will learn about the history of the Brazilian Empire and witness the everyday life of the imperial family.

The Imperial Petrópolis tour continues to the São Pedro de Alcântara Cathedral, an imposing neo-Gothic construction inspired by French and German cathedrals. In the Imperial Mausoleum, the mortal remains of Dom Pedro II, Empress Teresa Cristina, and Princess Isabel are located. We will make a lunch stop, which is paid separately and not included in the tour price.
